

As writers we will:

Be learning about the Greek Myths and Legends. Looking into a range of writing techniques to create our very own myth and legend narrative. Using our research skills, we will discover mythical creatures of the past, design and create our own creature with an instruction text on how to look after it.. As the Greeks loved plays, so we will we use our acting skills

As readers we will:

Explore a variety of fiction and non-fiction texts with a focus on Ancient Greece. We will be ensuring our reading accuracy and fluency is strong and use inference skills to gather information from the texts. We will explore the meaning of new words and discuss the structures of different texts read.

As mathematicians we will:

Be developing our knowledge of number further by looking at place value, ensuring we understand place holders so we can look at numbers as large as ten million. We will be able to compare and order larger figures including negatives numbers, and begin using our knowledge of place value to help us round numbers. We will begin looking at the four operations and ensure that we are able to apply our written methods and reasoning skills to larger numbers.

As scientists we will:

Be learning about evolution and inheritance. We will begin to use scientific language to explain the process of evolution and the impact the environment has had on our bodies. We will begin by looking into fossils and researching how fossils have informed our scientists of the past, as well as Darwin's theory.

As historians we will:

Be researching and learning about Ancient Greece. We will begin to re-search further into a timeline of major events that have occurred over 4000 years, learning all about the Spartans.

As artists we will:

Be researching some famous Greek artists; looking into to how art was created in a time were pencils and paint did not exist! We will be recreating our own Greek artwork in the form of mask making.

As athletes we will:

Be developing our ball skills, looking at a range of strategies used in football and netball. We will explore defending and attacking within games. We will learn about how our muscles support us in physical activity and the importance of good sportsmanship in team games.

Important Notices:

Welcome back to school—we hope you have had a wonderful Summer break! We have spent the first week focussing on the children's return to school and we are pleased to share that it has been a very positive start to the year for our 5/6 children.

Homework will continue to be set on a Friday and will be due the following Wednesday. It is important that children read at home daily and that their planner is signed by an adult.

If you have any queries please do not hesitate to contact one of the team!
