

Photos and videos

We sometimes take photographs of pupils. We use these photos to help us to give people an idea of what life at our school is like, for example in the newsletter and on the school website.

We will not use the personal details or full names (which means first name and surname) of any child in a photographic image, on video, on our website or in any of our other printed publications. If we use photos of individual pupils, we will not use the name of that child in the accompanying text or photo caption. If we name a pupil in the text, we will not use a photo of that child to accompany the article. We may use group or class photographs or footage with very general labels, such as “a science lesson” or “making Christmas decorations”. We will only use images of pupils who are suitably dressed, to reduce the risk of such images being used inappropriately.
